DPF 4550GTX/MTX

The polymeric facestock of DPF 4550GTX/MTX ensures a high quality print and exceptional graphics at a competitive price point. Equipped with Low Profile X-Scape Technology®, this film will enable easy installation and a long term bond. Designed for indoor and outdoor intermediate signage, DPF 4550GTX/MTX with air egress liner is easy to apply and delivers exceptional graphics for real estate and retail signage as well as flat sided vehicle applications. The light grey adhesive of DPF 4550GTX/MTX allows for added opacity to cover existing graphics or darker substrates.

Unique Features:

- ▶ Best Value, Multi Purpose Film
- ▶ Exceptional Graphics
- ▶ Easy Installation with X-Scape Technology®
- ▶ Tinted Adhesive for Added Opacity

Applications:

- ▶ Flat Trucks
- ▶ General Signage

Categories:

- ▶ Vehicle Graphics
- ▶ Commercial Graphics
